

NOMINATED BY
A COMBINATIONHarding Choice of Ohio Repub-
licans for Governor.

BOTH SIDES ARE SATISFIED

Regulars and Progressives Pleased With the Candidate and Most of Them With the Platform, Which Contains a Strong Endorsement of President Taft and the Purpose and Tendency of the Tariff Law Demanded by the Regulars.

Columbus, O., July 28.—With a candidate for governor who was nominated by a combination of regulars and progressives and a platform pronounced good by the former element and 99 per cent good by the latter section of the party, the Ohio Republican convention broke up and went home in a state of much contentment. The ticket is made up as follows:

For governor, Warren G. Harding of Marion.

For lieutenant governor, Francis W. Treadway of Cleveland.

For secretary of state, Granville W. Mooney of Austintown.

For attorney general, P. Grand Denman of Toledo.

For treasurer of state, Rudy A. Archer, Belmont county.

For justices of the supreme court, William B. Crow of McConnelsville and Augustus N. Summers of Springfield.

For dairy and food commissioner, Renick W. Dunlay of Kingston.

For clerk of the supreme court, John S. McNutt of Salem.

For member of the board of public works, George Watkins of Portsmouth.

For commissioner of common schools, John W. Zeller of Findlay.

Warren G. Harding, the nominee for governor, at various times in the preliminary squabble of the convention described as "everybody's second choice." He is the editor of a newspaper at Marion, O., has been lieutenant governor of the state and has been a tentative candidate for governor and United States senator. He is known in the state as an effective stump speaker and has served in that capacity for other candidates for many years.

Until now, however, it had appeared beyond reasonable expectation that the convention could arrive at the consideration of any second choice without a long and bitter struggle. George B. Cox of Cincinnati had declared he would stay with Judge Oren B. Brown of Dayton to the thirtieth ballot if necessary; the "progressives" were refusing to consider anybody but James R. Garfield, who was not, however, an announced candidate, and the men ordinarily identified with the national administration side and state politics were supposed to be hopelessly divided between Secretary of State Carmi Thompson and Mr. Harding.

The finish of the fight was peculiar. James R. Garfield announced that his name would not be presented as a candidate. Simultaneously Secretary Thompson withdrew from the field and, like Mr. Garfield, without any announced reason.

Mr. Cox broke the news of Secretary Thompson's withdrawal on the convention floor and the Brown men for the first time claimed a victory on the first ballot. Then the Cuyahoga county (Cleveland) delegation, of which Senator Burton was chairman, threw seventy-five votes to Congressman Nicholas Longworth. Judge Brown, who was second on the first ballot, with 413 votes, dropped to 363 on the second ballot and the Longworth vote increased from 92 to 164. Nearly all the "progressives" were voting for Harding. The ninety-six Clevelanders, who all voted for Longworth on the second and third roll calls, were yelling wildly for the Cincinnati man. On the third ballot, by the time the vote had reached Hamilton county, the Longworth candidacy was advancing in great strides.

Chairman Cox surrendered with discretion. He arose and cast the ninety-one Hamilton county votes for Harding. All but 120 of the Brown supporters, part of which had voted before Hamilton county was reached, went to Harding and the nomination was made by the good margin of 551 votes over the nearest competitor—the Cincinnati congressman who did not want to run for governor.

The nomination was made unanimous and the fight was over. The platform adopted, with only a few scattering cries of "no," contains the strong endorsement of the president and of the purpose and tendency of the tariff law demanded by the "regulars." It contains the conservation plank and all but one of the state planks wanted by the "progressives." The omission is that of the demand for a law for recall of unfaithful public servants.

America Gets Himalayan Skins. Consul General William H. Michael of Calcutta states that the imports of British India by land for the ten months ended Jan. 31, 1910, were \$21,207,654 in value from Himalayan and contiguous regions. Most of the hides and skins thus secured find their way to the United States and Europe. The return exports were worth \$18,496,633.

NEW GUINEA PYGMIES.

The Spear and Bow and Poisoned Arrows Their Chief Weapons.

Our knowledge of the pygmies of New Guinea shows that in habit they are nomadic, nowhere tilling the ground, but depending for their living entirely on their skill in hunting and fishing. Their chief weapon is the bow, their arrows being generally poisoned either with the famous upas or some other similar vegetable poison, in some cases a species of strychnine. They also make use of the spear and an ingenious form of spring gun which is common to numerous other forest tribes. This is formed by setting a flattened bamboo spear attached to a bent sapling, which is fastened to a trigger in such a way that it is released by the passerby stumbling against an invisible string stretched across a game track. These spears are really set for game, and to the initiated they are obvious enough, as their presence is always indicated by certain well known signs, such as a broken off twig placed in a cleft stick. In war these signs are removed, the removal being equivalent to the moving of buoys in a mined channel. The wounds inflicted by these hardened bamboo spears are necessarily serious. The mental qualities of the Negritos are extremely undeveloped, none of them being able to express a higher numerical idea than three, but all observers who have met them unite in saying that they are a merry little people with great ideas of hospitality when their confidence has been gained and provided they have not been previously ill treated. They are not cannibals and are generally monogamous. —London Times.

LIGHTNING FLASHES.

Many Things Concerning Them That Science Cannot Fathom.

A young girl in charge of two children, sheltering under a tree on Chislehurst common, was struck by lightning and killed—one of those dreadful instances of the sort of personal touch with which lightning seems to select its victims, for, though one child is reported to have been thrown down, neither apparently was injured. There are many instances, of course, of this strange selection, due in most cases probably to some accident of clothing. There is a well remembered case which happened some years ago at Cambridge, when three young men were walking across an open space of ground, and the middle one of the three was struck dead, while the others were untouched. The inquest showed that the young man who was killed had nails in his boots, whereas the others were wearing boating shoes. The phenomena of thunderstorms have been the subject of much study in America. But if thunderstorms can be classified, they are still not thoroughly understood. We do not yet know what are the exact conditions which lead to a discharge of electricity in the form of a lightning flash from cloud to cloud or from cloud to earth. We cannot reproduce thunder and lightning in a laboratory. We do not know what is the origin of the electrification manifested in a storm. —London Spectator.

Tickling the Debtors.

John Barrett was only twenty-seven years old when President Cleveland appointed him minister to Siam. The first important task which confronted the youthful envoy was to press a claim against the Siamese government for \$1,000,000. Experienced ambassadors warned him against using threats in obtaining the money. "Be cunning; avoid arrogance," they said. "That is," responded Mr. Barrett, "you favor tickling with a straw to pricking with a bayonet." The statesmen nodded assent. When the young minister had finally succeeded in collecting the claim the ambassadors asked in astonishment, "How did you accomplish it?" "By tickling," explained Barrett. "I had to tickle them almost to death, though, before they agreed to pay it."

Quaint Remedies.

Among the members of the Greek church in Macedonia the following recipes are regarded as highly useful: To pacify one's enemies write the psalm "Known In Judea," dissolve it in water and give your enemy to drink thereof, and he will be pacified. For a startled and frightened man take three dry chestnuts and sow thistle and three glasses of old wine and let him drink thereof early and late. Write also "In the beginning was the word" and let him carry it.

Plump Birdie.

She (after the service)—You dreadful fellow! Why did you smile during the offertory? He—1 couldn't help it. There was Miss Addie Pose singing "Had I the wings of a dove." The mental picture of a 200 pounder trying to fly with a pair of four inch wings was too much for me.

In Bohemia.

"How did you enjoy her bohemian evening?" "It wasn't much. Both the epigrams and the sandwiches were stale." —Washington Herald.

Sure Sign.

"How do you know they're married?" "Can't you see? He's making her balt her own fishhooks." —Detroit Free Press.

CARDINAL GIBBONS.

Prelate Will Be Unable to Attend Meeting in St. Paul.

GIBBONS CANNOT ATTEND

Cardinal Will Be in Montreal When Conservation Congress Is Held.

Baltimore, July 28.—Acceptances to speak and letters of encouragement are being received daily by Bernard N. Baker, president of the National Conservation congress, which meets in St. Paul in September.

Mr. Baker received two letters, one from Cardinal Gibbons and one from Ambassador Bryce. Both had been invited to address the congress, but will be unable to attend through pressure of official duties. The British ambassador will be in Panama, where he has made arrangements to go to see the isthmian canal, and the cardinal will be at the International Eucharistic congress, which is to be held in Montreal.

In his letter the cardinal expresses his best wishes for the advance of the interest in the conservation of our national resources. He extends his best wishes to the citizens of St. Paul and of the entire state of Minnesota and bespeaks for them a prosperous future. The cardinal also expresses the hope that great strides will be made in the conservation idea and he looks to Minnesota to give it a great impetus at the approaching convention.

Supreme Court Nominees. P. B. Wolfe of Clinton received the long term and H. G. Wagenan, the short term for the nomination to the supreme court bench. Jerry B. Sullivan of Des Moines, in his capacity as temporary chairman, delivered the keynote speech. H. J. Steiner of Toledo presided over the permanent organization. A ringing speech was delivered by Claude R. Porter, the Democratic candidate for governor.

The heat in the convention hall was almost unbearable. Many delegates surrendered to the discomfort and left the place. Frank Holmes, recorder of Scott county, was overcome as he sat among his delegation, but was revived later.

The platform denounces recent tariff revision as a "masterpiece of injustice," declared trust and monopolies to be intolerable, opposed the central bank idea, condemns the postal savings bank law in allowing the withdrawal of savings from the communities in which they are deposited and accuses the Republican national administration of making reckless expenditures. It endorses the regulation of railway, telephone, telegraph and express companies; an income tax; the conservation of natural resources; the principle of the initiative, referendum and the recall, and improvement of roads. It urges a modification of the state primary law to reduce expenses and declares for the Oregon plan of electing senators until such time as it shall be possible to do so by direct vote of the people.

The convention formally placed in nomination the candidates for various state offices selected at the June primaries. Harvest Hands Wanted by Northwestern Agriculturists. Wheaton, Minn., July 28.—Harvest is now in full swing all over Traverse county, but the farmers are experiencing the difficulty of obtaining any help to work in the harvest fields. The crop is a good one, and wheat will average from fifteen to twenty-five bushels to the acre. Oats and barley already are in shock. Thirty to forty men could find immediate employment in the grain fields here. The farmers will pay the top prices as wages if they can only get help.

Aberdeen, S. D., July 28.—Fire broke out at Herreid, S. D., swept the greater portion of that town and caused a loss that may amount to \$100,000. The Herreid State bank, Dickman & Danberger, general merchandise; Karl Welzer, general merchandise; the Blair Drug Co., H. M. Heinbe's meat market, the jewelry store of C. O. Robbins, the saloon of W. S. Siegel and a harness shop of Lang & Bossler were destroyed. The cause of the fire is not known.

Herreid has a population of about 300 and is one of the two stations that the Soo line has in the state of South Dakota, being located on the few miles of Soo track that enter this state from North Dakota.

Messages from Herreid said the Soo station had not been burned and that the company had suffered no damage. The estimate of damage given in the Soo line advices was \$60,000 to \$70,000.

TRAIN HITS A STREET CAR

Every Passenger Hurt in Grade Crossing Wreck at Cleveland.

Cleveland, July 28.—Twelve people were injured one probably fatally when a St. Clair avenue street car was struck by an outward bound Pennsylvania train at the thirty-eighth street grade crossing. The street car was hurled from the tracks and smashed into splinters.

Miss Catherine Hogan, thirty-five years old, had her breast and shoulders lacerated and received internal injuries which may prove fatal. All the others will recover.

Rush Hinkley, the motorman, declares the gates at the crossing were open.

Self love is at once the most delicate and the most vigorous of our defects. Nothing wounds it, but nothing kills it.

CLOSES WITH A
WORDY BATTLE

Iowa Democratic Convention at Ottumwa Ends.

WEAVER AND WADE CLASH

Former Denounces Platform Plank Demanding an Amendment to the Law Providing for High License Local Option, and the Latter Makes an Impassioned Address in Reply. Plank Is Adopted.

Ottumwa, Ia., July 28.—The Democratic state convention closed here amid one of the most brilliant forensic battles the party leaders have witnessed in some years. The high license local option plank, having the municipality as the unit of determination, caused the battle. The resolutions committee in its platform brought in a plank demanding an amendment to the law providing for high license local option, each municipality to determine by majority vote whether it wants liquor or not.

No sooner was the reading of the platform finished than General J. B. Weaver of Des Moines stepped to the front of the platform and denounced the plank as undemocratic. He was vigorous in his speech and called forth the ire of Judge M. J. Wade of Iowa City, who drafted the plank and who in an impassioned address declared:

"I am tired of being dubbed a member of the whisky party and I demand that Democracy come out and take a fair and square stand on the great political and social question." His speech carried the day and the resolutions committee was sustained by 981 to 179 votes. The liquor plank came near splitting the resolutions committee, one faction favoring the plank adopted, another declaring for no prohibition of any kind and the third insisting that nothing be said. Judge Wade carried the committee for the plank adopted.

N. F. Reed of Ottumwa was elected chairman of the state central committee.

Supreme Court Nominees. P. B. Wolfe of Clinton received the long term and H. G. Wagenan, the short term for the nomination to the supreme court bench.

Jerry B. Sullivan of Des Moines, in his capacity as temporary chairman, delivered the keynote speech. H. J. Steiner of Toledo presided over the permanent organization. A ringing speech was delivered by Claude R. Porter, the Democratic candidate for governor.

The heat in the convention hall was almost unbearable. Many delegates surrendered to the discomfort and left the place. Frank Holmes, recorder of Scott county, was overcome as he sat among his delegation, but was revived later.

The platform denounces recent tariff revision as a "masterpiece of injustice," declared trust and monopolies to be intolerable, opposed the central bank idea, condemns the postal savings bank law in allowing the withdrawal of savings from the communities in which they are deposited and accuses the Republican national administration of making reckless expenditures. It endorses the regulation of railway, telephone, telegraph and express companies; an income tax; the conservation of natural resources; the principle of the initiative, referendum and the recall, and improvement of roads. It urges a modification of the state primary law to reduce expenses and declares for the Oregon plan of electing senators until such time as it shall be possible to do so by direct vote of the people.

EUGENE V. DEBS.

Socialist Leader Undergoes Operation at Rochester, Minn.

DEBS UNDER THE KNIFE

Socialist Leader Operated On at Rochester, Minn.

Rochester, Minn., July 28.—Eugene V. Debs, Socialist leader and orator, was operated on at St. Mary's hospital for an obstruction of the bowels. He recovered from the anesthetic satisfactorily and is resting comfortably, although the crisis has not been reached.

BRYAN WILL NOT
OFFICIALLY BOLT

But He Will Support County Optionists.

Lincoln, Neb., July 28.—William J. Bryan will not officially bolt the platform adopted by the Democratic convention which repudiated him, but he will support those candidates who are pledged to county option, even though the platform declares against making a political issue of that question.

"I will actively support the principles in which I believe. I will support county option men and measures. I have passed the parting of the ways, and my course will be onward."

This was the only statement Mr. Bryan would make, but promised a full dictated statement later.

Bryan's intimation of his future place in the county option fight came with his statement. It has also been given out that Bryan's first move will be to defeat Representative Hitchcock, who introduced the resolution in the convention upon which Bryan was repudiated.

Mr. Bryan will make twenty speeches before the primaries in favor of R. L. Metcalfe, opposed to Hitchcock for senator. Metcalfe is Bryan's editor, and is running on a county option platform, although the official platform of the party declares against county option.

W. R. Patrick, candidate for governor on a county option platform, although opposed to the regular party platform, will have Bryan's support against Governor Shallenberger and Mayor Dahlgren.

TO BE STARTED THIS FALL

Government Will Establish Postal Savings Banks.

Washington, July 28.—It was stated authoritatively that it is the purpose of the government to establish postal savings banks at various points throughout the country on Oct. 1. The indications are the system will be tried at the outset in postoffices of the second and third classes, rather than in those of the first class, as originally planned. If the board of trustees, composed of the postmaster general, the attorney general and the secretary of the treasury, follows a recommendation that is to be made by the departmental committee, a postal savings bank will be established in the beginning in each of the forty-seven states.

Lucia Claims Self Defense.

Walker, Minn., July 28.—Edward Lucia, who shot and killed James Boardwell, engineer at a mill, says Boardwell fired two shots first, none taking effect, and that he returned his fire, shooting but once, the bullet striking his victim in the forehead. Lucia has heretofore borne a good reputation.

Ends Life With Dynamite.

Sandstone, Minn., July 28.—C. M. Johnson, aged fifty-five years, a farmer residing two miles east of here, ended his life by sticking a piece of dynamite in his mouth and causing it to explode. His head was literally blown to pieces. He leaves a widow and four children.

WOUNDED HOTEL CHEF DIES

Porter of Institution Now Held for Murder Instead of Assault.

Valley City, N. D., July 28.—Robert Seeford, the chef of the Windsor hotel, who was shot by the porter, H. O. Hanson, is dead at the Riverside hospital. Coroner Pray summoned a jury to consider the case, but the hearing was continued. Hanson is being held at the county jail and will be given a preliminary hearing at the close of the inquest.

IN RESPONSE
TO PROTEST

CITY OF DULUTH THE PRIZE

Three Great Railroads Engaged in Struggle.

Duluth, July 28.—During the coming six months Duluth and Northern Minnesota will see a period of railroad activity such as it has rarely or perhaps never witnessed before.

The secret of the activity is that the port of Duluth is the prize for which three great roads will struggle—three roads which have hitherto neglected this opportunity. The three have been making Canada their battleground, but the fight is now being carried across the line. The roads are the Canadian Pacific, through its subsidiary, the Soo, the Canadian Northern and the Great Northern.

The situation at the Head of the Lakes is this. The Canadian Northern recently stepped in, while some of the other roads, the Duluth, Missabe and Northern and the Canadian Pacific, for instance, were sleeping, and snapping up the Duluth, Virginia and Rainy Lake road from Virginia to the border. This road runs through a rich timber country and is being extended to Duluth.

This will give the Canadian Northern a direct line from Duluth to Winnipeg. It is predicted that the road will be running trains into Duluth over its own line by Jan. 1, 1912.

Meanwhile the Canadian Pacific has been far from idle. The Soo road now has local trains running into Superior from two directions, and within a week or ten days, it is believed, the date will be announced for the formal opening of the Soo line to Duluth.

As soon as the station here is completed the Soo line will establish direct through service to Chicago over a line said to be shorter than the Omaha's road, now the only direct route to the Windy City.

It is common gossip in Duluth that the Hill line intends to extend north from its Virginia terminus to Winnipeg. This would give a third line to the Canadian Northwest. The Great Northern is also shortening its running time to the west from Duluth and preparing to compete with the Soo road for its western business.

With all these railroads seeking terminals here, Duluth will become one of the greatest railroad centers in the Northwest.

Fuel Poisons Gotham Air. The amount of carbonic acid gas given off to the atmosphere of New York city by fuel combustion in a year is estimated at 400,000 tons.

Interior Department Considers
Moorhead Case.

MANY SALOONS IN THE CITY

And Their Abolition Would Deprive the Minnesota Town of the Major Portion of Its Revenues—Acting Secretary Pierce Promises to Take the Views of the Delegation From Minnesota Under Consideration.

Washington, July 28.—In response to a protest from a delegation of Minnesotans against the extension of the prohibition regulations of the bureau of Indian affairs to Moorhead, Minn., which is located on ceded Indian lands, Acting Secretary of the Interior Pierce has taken under advisement the question whether the department's recent action bringing that city within the prohibited territory shall be rescinded or modified.

The mayor of Moorhead, former Representative Comstock and a representative of the Brewers' association of Minnesota asked the acting secretary to revoke the anti-liquor order in so far as it relates to Moorhead. The instructions forbid the introduction of intoxicating liquors in the territory adjacent to the White Earth and Leech Lake reservations in Minnesota in order to protect the Indians. There are forty-seven saloons in Moorhead and the delegation informed Mr. Pierce that the revenue from their licenses was one of the principal sources of income of the city. The department promised to take the views of the delegation under consideration.

The protest of F. W. Zollman, agent of the Minnesota Brewers, against application of the government and liquor order to Clay and Polk counties was considered at a conference held at the interior department. Acting Secretary Pierce, Assistant Attorney General Lawler, Acting Indian Commissioner Hauke and Special Agent Holcomb participated. The matter was considered at great length, but so far as could be learned no decision was reached. It is the understanding that the case was referred to Acting Secretary Pierce for decision, and that he will make known his finding later in the week.

FOREST FIRES IN MINNESOTA

Said to Be Raging on Bois Fort Indian Reservation.

Washington, July 28.—Forest fires are raging on the Bois Fort Indian reservation in Minnesota, according to a telegram received by the bureau of Indian affairs from the superintendent of the Nett Lake agency. Second Assistant Commissioner Hauke of the Indian bureau immediately telegraphed authority for the expenditure of sufficient funds to extinguish the flames.

Missoula, Mont., July 28.—Forester W. B. Greelin, who has headquarters in Missoula, returned from his trip through the northern part of Montana and Idaho, with Secretary of Agriculture James Wilson, and brought with him new information of the forest fire conditions in the territory. He said that within the Coeur d'Alene forest in northwestern Montana and Idaho forty separate large fires were burning and that more than 1,000 men are fighting the flames.

Not one of these forty fires has been reported as under control and the force of men will be increased as fast as possible.

JOHN LIND MAY BE NAMED

Appears to Be Choice of Minnesota Democrats for Governor.

Minneapolis, July 28.—The nomination of John Lind of Minneapolis seems the most probable outcome of the Democratic convention at Minneapolis today, in spite of his repeated refusals. The nominating speech probably will be made by John Jenswold of Duluth.

It is expected that the convention will adopt a temperance plank designed to please the county option people, but not definitely committing the party to that movement.

The convention met at the Minneapolis Auditorium at 11 a. m. It is expected that the business will be finished at one session.

The delegates from the First district have unanimously voted in favor of the nomination of Lind.

Killed by Lightning.

Little Fork, Minn., July 28.—Charles White was struck and instantly killed by lightning while making hay on the Swanson farm southeast of here. He was standing under a tree when the bolt descended. His relatives are not known here.

Wisconsin Man Enriched.

Superior, Wis., July 28.—Through the death of a brother in Dusseldorf, Germany, F. C. Berg has fallen heir to a fortune of \$125,000. Mr. Berg came from Germany some time ago. His brother was a wealthy physician.

Miss Angie Kilty and Mrs. Geo. Plunkett, of Minneapolis, arrived today to visit Miss Eliza Armstrong.

RATTLESNAKE BITES.

Simple Rules For Treatment if You Have the Nerve to Use Them.

The treatment of a rattlesnake wound resolves itself into the application of a few very simple rules. In the first place, a person wounded by a snake usually does the very thing he should not do—that is, goes tearing off at top speed for the nearest human habitation, thereby increasing the circulation and disseminating the virus through the system more rapidly. The man should sit calmly down and bind his handkerchief around the limb if it is a limb, break off a stout twig and insert beneath the handkerchief, producing a rude tourniquet, and twist until the circulation is effectually shut off.

With a sharp knife make an X in the skin over the wound, taking care to penetrate deeper than the fangs have done. If he has good teeth and no canker in his mouth, he may now suck vigorously upon the wound. It does no good to suck the original wound. It is quite difficult to get any virus back through an opening not greater in caliber than a fine needle.

If all this is done without delay the chances are that the patient will suffer no greater inconvenience from his experience. If he chances to have handy a stick of silver nitrate he can cauterize the wound thoroughly. Failing that, a brand from the fire will serve. After a time he may release his tourniquet somewhat and permit a portion of the retained blood to enter the circulation. The system is capable of taking care of a great deal of poison if it is allowed to flow into the blood gradually.—Outing.

SET HIM THINKING.

The Reason His Wife Gave For Disliking Postponements.

Just when Mrs. Ackroyd had finished packing her trunks and after William Ackroyd had bought railway tickets for her and their two daughters little Bessie came down with a severe case of whooping cough. The doctor positively refused to let the child start on a long journey, and even if he had thought it safe for the little one to leave home he assured Mrs. Ackroyd that she would not be permitted to take the patient into a hotel anywhere.

"Isn't it a shame?" the distressed lady wailed. "Here we are with everything in our trunks, and my husband has even bought our berth in the sleeper."

"It is unfortunate, but I don't know what you can do except sit down and wait four or five days. It may be safe then for you to start away."

When her husband got home that evening Mrs. Ackroyd was weeping.

"Don't take it so hard, dear," he said. "It might be a good deal worse. Our little one is likely to get along all right. The doctor says the case isn't an unusually severe one, and when I telephoned him this afternoon he said he thought it might be safe for you to start away by the end of the week."

"I know. He told me the same thing. But I feel that we'll never go. I never postponed anything yet that didn't turn out badly. I once postponed a wedding, and the marriage never took place."

Half an hour later William Ackroyd was still sitting in a corner alone thinking it over.—Chicago Record-Herald.

When you want the very best

Be sure to order
OCCIDENT

The executive committee of the Trades and Labor assembly had a meeting last night and discussed plans for the celebration Labor Day.

Rev. Father Veilux, of Crookston, and Rev. Father Busch, of Blackduck, arrived in the city today and drove this afternoon to Fort Ripley.

Olaf Stene returned last night from LaCrosse, Wis., where he attended a convention of the Independent Scandinavian Workmen's association.

Don't forget the big Discount Sale at Koop's Dry Goods Store. 46tf

Mrs. T. Lloyd Truss, wife of the manager of the Bijou theatre, will leave tomorrow for an extended visit with her parents at Caspersen, whom she has not seen for 10 years.

Col. C. D. Johnson, Con O'Brien and Mr. T. Dunn left yesterday for St. Paul to attend the democratic state convention. They were accompanied by L. F. Johnson, of Bemidji.

Mrs. Marclay, the wife of the superintendent of the state sanatorium for consumptives at Walker, was in the city today. She accompanied the daughters of Attorney E. McMillan to their home in Princeton.

Schmidt's bottle beer, famous for quality. Order a case. Telephone 164, John Coates Liquor Co. 282tf

The fire department responded to an alarm yesterday noon, being called to Dr. Reimstad's residence, 216 North Broadway. There was a small fire in a manure pile which was extinguished by the use of the garden hose.

Dr. Lyda and Dr. Still, of Kirksville, Mo., Dr. Black, of Toronto, Can., and Messrs. Charles Sands and W. H. Smith arrived in Brainerd today and left this afternoon for Emily where they will enjoy a summer vacation at their camp.

Mrs. H. E. Connor, of Minneapolis the guest of Mrs. Ina Erb for several weeks, left today for Camp Gordon near Crow Wing lake to spend her summer vacation. Camp Gordon now has 16 tents and the tourists enjoying themselves there are from Little Falls and Minneapolis.

The fire department was summoned to the residence of Charles Peterson, 623 Pine St., south side, last evening. The chimney was on fire and had communicated the blaze to the summer kitchen. Prompt use of a garden hose by the family had the blaze well in hand before the fire team arrived.

AN ESTATE TO BE SETTLED

Two small houses on Pine St. S. E.—Each \$550.

Two houses on E. Norwood St., good location and at \$700 and \$800.

Let us show you these.

A very fine piece in S. E. Brainerd on corner of three lots; cottage of six rooms. An ideal home for one employed in the shops—\$1200.

House and barn on three valuable lots on corner and S. Fifth street. House needs some repair, but can give some one a bargain—lots alone are worth what we can get this for you. Good title or no sale. We are looking for offers on this.

A NORTH SIDE HOME.

One of the best built homes in the city with very best location. Eight rooms, modern all through except heat. And a little under three thousand will get this. Owner says "sell!"

MODERN NORTH SIDE COTTAGE

A very neat little cottage of five rooms with bath, two good lots and in best location with east frontage. Terms—At only \$2500.

You will be surprised to know that this seven room cottage is placed on sale. Almost brand new, hardwood floors, bath, and in fact everything you want. This was built for "keeps". If you are looking for something good, something you always wished for, see me for price and terms.

Brick veneer house of six rooms on corner and two lots. Good location in S. E. Brainerd. For quick sale with terms at \$1100.

Three houses on north side in very good location; trees, walks, etc.; south and east frontage. Can offer separately or altogether. Am prepared to give a very close figure on this.

I Can Show You

SOME SNAPS IN BRAINERD CITY PROPERTY

Start to buy now, don't wait and tell your friend, "I could have bought that place for so and so much in 1910." Yes sir, you are making a mistake if you want a home or have a little ready money and don't make an investment now.

ONLY ONE OF THE MANY SNAPS
Nice little place on paved street, east frontage, cement walks, two lots on corner at Only \$650.

Very neat little place on S. Sixth St., two lots, walks, trees, etc.—At Only \$650.

House of six rooms, two lots on corner, walks, trees, etc., barn. This is one that you would be satisfied with—\$1050.

Two nice little houses in N. E. Brainerd that rents for seven dollars apiece. Don't you think this is cheap at only—For the two—\$1000.

Paternal Fortitude.

I was calling, when the little daughter of my hostess came into the room. Knowing that her mother's mother had that morning returned home after a somewhat lengthy visit I said: "Weren't you sorry to have grandma go away, Pearl?"

"Yes, I was," she answered promptly, "and so was mamma—very sorry. But," and she paused thoughtfully for a moment, "I couldn't see at breakfast but that papa was just as cheerful as ever."

Especially the Police.

Female Mendicant—I'm a poor widow woman with eight small children. Can't you give us some clothes? Lady—The only clothing I have to give away is one of my husband's coats. Female Mendicant—Give it to me, good lady. I might marry again. There are several gentlemen as have their eye on me.—New York Journal.

Not Enthusiastic.

"My boy's back from college." "How does he take hold on the farm?" "I hadn't seen him make no cane rush for the wood pile."—Kansas City Journal.

Kept the King at Home

"For the past year we have kept the King of all laxatives—Dr. King's New Life Pills—in our home and they have proved a blessing to all our family," writes Paul Mathulka, of Buffalo, N. Y. Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at all druggists. ttw

A Conundrum.

Why should a miser envy a clock that goes too fast? Because it is constantly gaining.

Marvelous Discoveries

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, that wonder of wonders, Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black, of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c and \$1.00. A trial bottle free. Guaranteed by all druggists. ttw

ATTENTION EVERYBODY

Having bought the Plumbing and Heating business lately conducted by Mr. Frank J. Murphy, we are prepared to do any work in that line.

Mr. Chas. Stedfield the well known plumber is in charge of this department.

Let us figure on your work or do your repairing.

All work promptly attended to and guaranteed.

BRICK SCHOOL HOUSE FOR DEERWOOD

District Votes \$15,000 Bonds to
Erect an Eight Room Brick
School house

FIRE DEPARTMENT ELECTIONS

The School District Election—Fast
Time Made by N. P.
Train

Deerwood, Minn., July 27.—School district No. 7 on July 23rd voted \$15,000 bonds for the erection of a new eight room brick school house to be built just back of the old location. Wm. H. Wallace is now drawing the plans and expects to have them ready in two or three weeks. The building is expected to be completed by about the first of the year. There are now approximately 150 pupils. The new school will accommodate about 320 pupils. School will be held in the old building until the new one is completed. R. R. Graham is the principal and Miss Anderson and Miss Wetzel are his assistants.

On Monday evening, July 25th, the volunteer fire department of the village held its first election, which resulted as follows:

President—N. P. Emil Carlson.
Vice president—C. C. Wheeler.
Treasurer—O. C. Coffin.
Clerk—Oscar Carlson.
L. E. Wilson was appointed chief by the village council and selected the following assistants:
Captain of chemical engine No. 1—R. R. Graham.
Captain of chemical engine No. 2—Emil Ahre.
Captain hook and ladder company—Ed Darling.

Ten men were assigned to each captain making the full complement of the department eight officers and thirty men. The department meets every Monday evening and it is said is just dying to distinguish itself by extinguishing something. A false alarm was rung in last week by some individual and the way the department resounded by massing its battery of chemicals and running up the big 60 foot ladder would make Chief Strap of St. Paul hide his head in confusion. He could never hope to equal the record of Deerwood for a ten block run around sharp corners. A good fire department keeps down high insurance rates.

School district No. 7 recently held its annual election of officers and elected the following:

President—Paul K. Wetzel.
Clerk—C. B. Wright.
Treasurer—C. E. Benson.
O. C. Coffin was first re-elected as clerk, but stated he had to refuse the honor because he had so much other work to attend to. Mr. Coffin has been a most competent obliging and painstaking official and the board is sorry to lose his counsel and his services.

The Deerwood Clothing Co. nine was defeated by Crosby last Sunday by a score of 7 to 9. Deerwood had the best of the game until the eighth inning when things switched around and Crosby rolled in two scores. Oscar Anderson of Cuyuna pitched for Deerwood and Moxie Mahlum did the receiving act. The game was close and interesting and drew a large attendance.

The Deerwood Clothing Co. will play Crosby next Sunday.

The Rogers-Brown Ore Co. is engaged in taking its regular inventory of stock and equipment.

On July 22, 1910, a handsome ten pound baby boy arrived to gladden the home of Mr. and Mrs. Culver Adams. The happiness pervading this household is shared by Cuyler Adams for among all the honors bestowed on him he ranks none higher than that of being grandfather.

Miss Marguerite Torgerson went to Aitkin yesterday afternoon.

Miss Inga Melvick, of Aitkin, is visiting in Deerwood.

Alex Rose is completing his job of plastering the Adams hotel and will then plaster the Culver Adams' bungalow at Reno lake.

The assay office formerly managed by Arthur Dennis is being remodelled and will be used as an office by Culver Adams.

Pete Brand, the contractor, is erecting a bungalow for Culver Adams on Reno lake.

David Lambert is building a summer cottage in the First Addition. His family expects to move in some time this week.

J. M. Hillyard has a new dray to take care of his constantly increasing business.

July 25, 1910, a baby girl was born to Mr. and Mrs. Norval Olson. Mother and child are doing well.

The Northern Pacific local freight made the run last night from Deerwood to Brainerd in 30 minutes. This is very fast time for the freight consisted of 25 loaded cars. The engineer was H. G. Otis, fireman Roy Warner and conductor John Brown. The caboose carried a large number of passengers who commented favorably on the way this freight had equalled passenger time. L. F. Newton, trainmaster of the Lake Superior division, was one of the passengers.

Mrs. Lola V. Rohner, of Hartselle, Ind., and Noble G. Dennison,

of Sardinia, Ind., are visiting R. R. Graham. Mrs. Rohner is a sister and Mr. Dennison is a nephew of Mr. Graham.

Miss Keating was a Brainerd visitor today.

Five cases of diphtheria have been reported in two families.

Miss Anderson, of Wright, is visiting Mrs. J. Palmer.

Mrs. Pete Larson will leave tomorrow for St. Paul to visit relatives.

Miss Katherine McCarville is enjoying a two weeks' vacation in Deerwood. She recently visited friends in Duluth and will return to the Northern Pacific sanitarium next Monday evening.

Maude Haze is thoroughly enjoying her tour of Europe. July 4th was celebrated on the steamer enroute to London. She saw London July 12 and will attend the Passion play at Oberammergau on July 25th.

A party was given last Tuesday evening at Mr. and Mrs. J. Palmer's residence in honor of Leonard Palmer whose birthday occurred that day. There were present, N. P. Emil Carlson, Gust Oberg, Carl E. Carlson, Mr. and Mrs. Robert Archibald, the Misses Esther Theorine, Josephine Stromberg, Elsie English, Norma Wright and others. Refreshments of ice cream and cake were served.

Mr. Cunningham gave a lunch party and luncheon to a number of invited guests this evening. They toured Serpent lake.

The Deerwood city team played Aitkin last Sunday and won by a score of 11 to 12.

Miss Ida Peterson, of Benson, visiting her cousin Miss Amy Howe, returned home yesterday.

W. L. Hall has started a moving picture show in Hillyard's hall.

Charles Osterlund, the druggist, is installing an all plate glass cigar case. This is the only one of its kind in Deerwood and is a most elaborate and up to date affair.

James Kirkwood, traveling for the Leithhead Drug Co., of Duluth, was interviewing the trade yesterday.

O. A. Dahly, of Minneapolis, is temporarily assisting at the drug store of Charles Osterlund.

Carl Holmgren has sold out his real estate business and has returned to Aitkin where he has taken charge of the furniture department of the Potter-Casey store.

Rev. E. Sanden will preach next Sunday at the Scandinavian Lutheran church.

L. Aplend will be the violinist at a concert to be given August 5th at the Norwegian Lutheran church.

The ladies Aid society of the Norwegian Lutheran church will meet at the residence of Mrs. Wick on August 4th. Rev. M. L. Hostager will be present.

Olson Skau has the outside painting of the new Adam's hotel nearly completed. There is a little work left on the columns.

WALTER E. RONEY DISAPPEARS

Young Boy Leaves Home Last Night
to Attend Band Concert and
Fails to Return

LAST SEEN IN RAILROAD YARD

Was Fourteen Years Old and Had
Never Been From Home Over
Night Before

Walter E. Roney, the 14 year old son of Mr. and Mrs. A. C. Roney, of 615 4th Avenue, mysteriously disappeared last night, and up to the time of going to press this afternoon has not been heard from, although diligent search has been made for him by his parents and the people of that portion of town, assisted by the entire police force of the city.

The young lad left home last evening at 7:30 to attend the band concert, and was seen by an acquaintance in the railroad yard about that time between 8th street and the N. P. depot. His absence was not discovered until this morning, as his parents thought he was down town and would return after the concert, and retired with that belief. When he had not returned this morning, the alarm was given and search was begun.

Naturally the parents are nearly distracted at his disappearance. He was a sturdy young lad about 5 feet tall and wore a dark navy blue suit.

DIED OF DIPHTHERIA

Francis Edmund O'Neill, Aged Five
Years, Died Tuesday
Morning

Francis Edmund O'Neill, the five year old son of Mrs. O'Neill, residing on Fourth street near the haymarket died of diphtheria Tuesday morning. The funeral which was necessarily private, occurred on Tuesday afternoon. Interment was in Evergreen cemetery.

FOR SALE

WATER WORKS AND LIGHTS

First National Bank Will Open About
Aug. 1st—Dance at Spalding
Hotel

Crosby, Minn., July 27.—A most enjoyable dance was given at the Spalding hotel last Saturday evening. All present report a delightful time.

Ed Syverson has sold his refreshment parlors to Messrs Swanson and J. P. McGuire.

Andrew Burud will open his meat market Friday.

Frederickson Bros. will open their new hotel next week.

J. P. McGuire is putting in a flour and feed store.

Dr. R. J. Sewall's residence is nearly completed and will be a handsome structure.

The First National bank of Crosby expects to open for business about August 1st. The bank will be located in the new Lindbergh office building.

Ed Lovdahl's hotel known as the Hotel Crosby, was recently opened to the public and is enjoying a constantly increasing patronage. Good meals are served here and transients are given every possible attention. Mr. Lovdahl is a new resident of Crosby and is a most enthusiastic worker for the betterment and improvement of the city.

Crosby will build a school house this fall.

The grading on the Soo line has reached a point about 200 feet from the shaft.

The installation of an electric light plant and of a water works system is contemplated in the near future.

The cement shaft which is being sunk by the Foundation Co. for the Rogers-Brown Ore Co. is now down about 50 feet. Bulk heads are being constructed for caisson work and men will be imported from Chicago to do the sinking at these depths.

C. N. Parker Returns

C. N. Parker returned last night from Mt. Clemens, Mich., where he spent two months taking the baths. He feels much better in a general way although he still has a slight pain in his hips. Mr. Parker took a course of 21 baths at the Clemens bath house. This house was very popular for he counted 390 people taking the cure here in one day. From Mt. Clemens he took a trip to Detroit, Mich., and other points. He was very sorry to miss the Elks parade at Detroit as he wanted to see Col. C. D. Johnson march. Mr. Parker returned home by way of the great lakes and said the trip was one of the most enjoyable he has ever undertaken. By taking occasional rides in the Oldsmobile automobile which he recently presented to his son F. S. Parker, he expects to keep in good health.

ENGAGED AS SPECIAL ATTORNEY

W. H. Crowell is Engaged by City
as Special Counsel in Water
and Light Board Matter

The resolution as adopted by the city council at the special meeting held last Monday evening read as follows:

"Be it resolved by the city council of Brainerd that W. H. Crowell be employed by the city as special counsel in taking the necessary legal steps to ascertain the constitutionality of certain sections of the present city charter pertaining to the duties of the Water and Light board, and that for such services he be paid the sum of \$50 and the necessary expenses and that he present to the council monthly statements of his services and expenses."

This sets at rest any rumors circulated that W. H. Crowell had succeeded M. E. Ryan as city attorney. W. H. Crowell is employed as special counsel and the services required are clearly set forth in the resolution adopted by the council.

DEATH OF ONLY CHILD

Eva Mary Durham, of Merrifield,
Died of Cholera Infantum and
Buried in Brainerd

Eva Mary Durham, aged 11 months, the only child of Mr. and Mrs. G. A. Durham, of Merrifield, died Tuesday afternoon of cholera infantum.

The body was taken in charge by D. M. Clark & Co. and the funeral was held this afternoon from their undertaking parlors, Rev. Charles Fox Davis officiating. There were many from Merrifield in attendance at the funeral among whom were Mrs. D. J. McIntyre, Mr. and Mrs. Sam Lougee, Mr. and Mrs. William Durfee, Miss Maud Mills and Miss Alma Taylor.

DEMOCRATIC CONVENTION

Minneapolis, July 28.—The democratic state convention was called to order by Farnk Day chairman of the state central committee. Congressman Hammond was selected temporary chairman and made a lengthy keynote speech. After naming committees a fight was made on a motion to take a recess but it finally prevailed. A motion was also carried that no nominations be made until the platform is adopted.

A Woman's Great Idea

It is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at all druggists. ttw

EXCURSION UP RIVER

The "Eagle" Carries a Large
Excursion Party up the River
on Sunday

The stern wheel steamer, the "Eagle", carried an excursion party of 50 people up the Mississippi river on Sunday to a point near Mission, where the voyagers picniced in the vicinity of Dr. Camp's farm. The excursion party left the dock at Rice lake at about eight o'clock in the morning and returned at seven in the evening.

The stage of water is very low, but Arverd Erickson managed to keep the boat in the wettest part of the Mississippi and so made the trip without mishap. The river is fairly clear of logs. Dancing was indulged in on the boat and all had such a good time that the party will charter the boat next month for another trip.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by all Druggists, 75c.
"Hale's Family Pills for Constipation"

Babe Strangles to Death.

Washburn, Wis., July 28.—The five-months-old babe of Mr. and Mrs. Sidney Ducette of this city was strangled to death. The child in reaching over fell across the strap in front of its go-cart and being unable to rise, slowly strangled.

The secret of success is constancy of purpose.—Disraeli.

A Weary Celebrity.

When Mrs. Roger A. Pryor was a young woman living in Charlottesville, Va., visiting authors seldom reached the beautiful university town. "Thackeray, Dickens and Miss Martineau passed us by," says Mrs. Pryor in her book entitled "My Day—Reminiscences of a Long Life." But Frederika Bremer condescended to spend a night with her compatriot, Baron Schele de Vere of the university faculty, on her way to the south.

Schele de Vere invited a choice company to spend the one evening Miss Bremer granted him. Her works were extremely popular with the university circle, and every one was on tiptoe of pleased anticipation.

While the waiting company eagerly expected her the door opened—not for Miss Bremer, but for her companion, who announced:

"Miss Bremer, she beg excuse. She ver' tired and must sleep. If she come she gape in your noses."

Funerals in England.

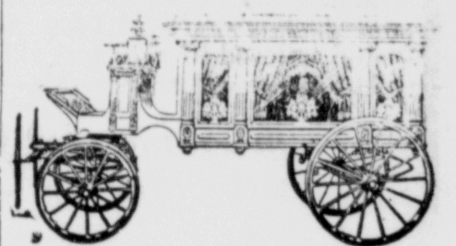

At the time of Queen Victoria's funeral a writer in the Undertakers' Journal complained that, while royal burials were still conducted in an impressive manner, a sad lack of ceremonial distinguished the funerals of the nobility. "Item after item has been abandoned, idea after idea has been dropped, each meaning a distinct loss to our business. An undertaker in the west end, referring to the recent death of a noble lord, confided to me: 'Forty years ago I buried a member of that family, and the funeral bill came to £1,250 (\$6,250). Ten years later I buried another, when it came to just over £700 (\$3,500). Fifteen years ago I buried a third, at a cost of £320 (\$1,600), but the bill for this one did not reach £75 (\$375).'"

Origin of a Famous Saying.

Euclid, who is sometimes called the father of mathematics, taught this subject in the famous school at Alexandria. Being asked one day by the king of Egypt (Ptolemy Soter) whether he could not teach him the science in a shorter way, Euclid answered in words that have been memorable ever since, "Sir, there is no royal road to learning." Not many scraps of conversation have lived, as this reply has, for 2,200 years.

They come in plain colors and check effects and are made from a material that resembles silk but wears better. Some are slightly imperfect but a tremendous bargain at.....**65c**

BRAZIL'S LEADER IS ON WAY HERE

President Elect Fonseca Highly Entertained In Europe.

IS SOLDIER AND STATESMAN.

Marvelously Popular In Own Land Despite Anti-military Feeling—Great South American Republic Possessor of Most Formidable Warship Now In Commission and Heavy Immigration.

The visit which is announced of Marshal Hermes da Fonseca, the leading soldier and the president elect of Brazil, may be regarded as a step toward more intimate relations between the United States and the great South American republic. Since his election last March the marshal has been visiting the capitals of Europe, palpably, though not avowedly, with political intent.

Brazil, as was shown at the last Hague peace conference, is more than eager to impress herself on the world as, if not quite, yet a first class power, at least soon to attain that rank. The marshal, who is a man of brilliant parts and now clothed with some of the dignity of the office he is soon to hold, is an informal ambassador of no small impressiveness.

Month's Stay In America. Marshal Fonseca is to stay a month. This will leave him ample time to make a call on President Diaz of Mexico and to visit one or two of the leading South American republics on his way home should he so desire, for his inauguration as president does not occur until Nov. 15.

Probably the most elaborate program ever prepared for the entertainment in the United States of a dignitary from South America is being arranged for General Fonseca. From the time he lands in New York until his departure he will be kept on the go, seeing the sights of America and being entertained with much display.

Charge Silva of the Brazilian embassy is arranging for the presentation of General Fonseca to President Taft at Beverly. Immediately after that formality he will visit Valley Forge, Pa., to meet Secretary Knox. Receptions are being planned at Philadelphia, Boston, Washington, Chicago and Pittsburgh.

To inspect West Point. On account of his own accomplishments in military organization the Brazilian will be taken to West Point

MARSHAL HERMES DA FONSECA.

and to Annapolis to inspect the schools there.

He is by far the most distinguished representative of Brazil who has appeared in this country since the Emperor Dom Pedro made his visit in 1876. He has a marvelous popularity among his own people, as was shown in his election to the presidency despite the anti-military feeling, which is strong in Brazil.

He has also met with high recognition abroad. He attended the army maneuvers in Germany in 1908, and the kaiser then singled him out for special attentions and honors.

The first of Brazil's three Dreadnoughts has already arrived at Rio de Janeiro. It is perhaps the most formidable warship now actually in commission. The second, the Sao Paulo, is to be ready for service in October.

In 1909 there was an extension of 19,640 kilometers (roughly 12,000 miles) in the Brazilian railway system. In a few months more 2,383 kilometers, or about 1,430 miles, additional will be open to traffic.

Immigration Is Large. In 1909 85,410 immigrants landed in Brazil. Of these 61,162 paid their own expenses; 23,083 of them were agriculturists. At present thirty-one colonies are in process of development, of which thirteen are backed by the states, the federal government merely guaranteeing to supply the colonists.

The enterprising state of Sao Paulo is backing six colonies out of its own resources.

The weak spot so far in the national life is its finances. The last financial year left a deficit of nearly 16,000,000 Brazilian dollars (about 54 cents to the dollar) in gold and nearly 11,000,000 in paper (about 30 cents to the dollar).

His Other Name. The candidate for the place of coachman had been weighed and was not wanting, according to his new mistress' lights. Then the question of his name, which was Patrick, came up. The mistress objected to it in her heart, so she explained that it was her custom always to call her coachman by his family name. Had he any objections?

"Not the slightest, ma'am."

"What is your last name, Patrick?"

"Fitzpatrick, ma'am."

Anchored. A little chap four years of age met with the misfortune to have his hat blown into the river. When he reached home his father said to him: "It's a wonder you didn't blow overboard too."

"I couldn't," was the quick response. "I was fastened to my feet!"

BOARD OF EQUALIZATION

Proceedings of the Board of Equalization July 18, 19, 20, 21 and 22, 1910.

Meeting called to order by the chairman at 11 o'clock a. m. Present Commissioners: Erickson, Klenow, Krech, Poppenberg and Edquist and County Auditor J. F. Smart.
